

EQUESTRIAN ACADEMY COMES TO TOPEKA!

NEW SERIES TO BEGIN IN JANUARY, 2007

We are in the planning stages for the sixth year of offering excellent equine education to horse enthusiasts in the Midwest. The new 2007 Equestrian Academy is scheduled to begin this winter, meeting on Tuesday evenings, January 23 through March 13 from 7 pm to 9 pm. Equine 107, Equine Management and Health Care, will be offered in Topeka, KS. We are very excited to be holding the series at the Roy Frey Western Lifestyles store this year.

Again, the course will target amateurs and professionals in the horse industry, 16 years of age and older, who want to further their education in equine science, as well as become more familiar with current topics in the horse industry.

Professionals in the equine industry, including veterinarians from the Kansas State Veterinary Teaching College, will present each session of the Equestrian Academy. Tentative subjects include Equine Nutrition, Caring for Wounds, Infectious Diseases in the Horse, Equine Dentistry, Performance Horse Lameness, Equine Behavior and Training, and Equine Reproduction.

To enroll in the Equestrian Academy course, please send the accompanying registration form with payment to the address on the form.

For more information, please call Ernie Rodina (785) 242-8748 or (785) 418-6047, or Dr. Katie Young (816) 392-0758.
